Trees priced at from \$5.00 to \$20.00 are either in tin or wooden containers, and can be shipped express collect, with a packing charge of 50 cents per tree. We will arrange for delivery of lots of 25 or more to points in Central and South Florida at a delivery charge of 25 cents per tree, with no packing charge.

Trees priced at \$25.00 to \$50.00 are in boxes too large for express shipment, but we can arrange for delivery to points in Central and South Florida in not more than thirty days from receipt of order, at an additional charge of 10% of the price of the tree.

Specimen trees of larger size are available at much higher prices. Please write if interested in them.

As the Lychee tree's successful growth depends so much on its care after leaving our hands we do not guarantee any trees.
